

Remedan Hyeredin Kedir

Software Engineer / Data Scientist

[+251929517703](tel:+251929517703) | remedanhyeredin@gmail.com | [LinkedIn](#) | [Github](#)

Summary

Software Engineer and Data Scientist with a proven ability to analyze complex problems, clean and structure large datasets, and design scalable, data driven systems. Experienced in building full stack applications, managing databases and servers, implementing process automation, and integrating third-party APIs. Committed to delivering high-quality, end-to-end solutions that streamline operations, enhance decision making, and solve real-world challenges.

Technical Skills

- **Programming & Development:** Python, Next.js, FastAPI, Node.js, Express
- **Automation & AI Tools:** n8n, AI Agents, Claude, Cursor
- **Database & Server Management:** MySQL, PostgreSQL, Docker, Nginx, PM2
- **Integration & Deployment:** Third-Party API Integration (Chapa), CI/CD, GitHub Actions
- **Visualization & Dashboards:** Power BI, Tableau, QGIS, Interactive Dashboards

Work Experience

Kukunet Digital (*in collaboration with Ministry of Agriculture*)

Software Engineer / Data Analyst

June 2023 – Jan 2026

Addis Ababa, Ethiopia

CropIn Grow System:

- Trained regional, woreda, and Development Agent staff on a mobile app for crop and farmer data collection.
- Managed data collection across 6 regions, capturing ~75,000 farmer profiles including crop type and geospatial maps.
- Collaborated with CropIn Grow (India) to manage and maintain the system for the Ministry of Agriculture.
- Integrated advisory messages and best practice packages for farmers, improving communication and engagement.
- Cleaned, validated, and generated reports from large-scale datasets to support decision-making.

Digital Address Registration System (DARS):

- Designed and implemented a system to digitally register addresses from regional level down to house number.
- Built dashboards and tracking systems for the Ministry to monitor registration progress and data quality.

Agricultural Investment Support System (AISS):

- Developed a platform to support agricultural investments by tracking projects, land, and farmer participation.

Map Visualization System for Ministry of Agriculture:

- Built a dynamic mapping and visualization system to display agricultural data by region, zone, and woreda.
- Enabled stakeholders to monitor trends, progress, and performance efficiently.

Education

Adama Science and Technology University

Bachelor of Science, in Software Engineering

CGPA: 3.38 | MGPA: 3.32

September 2020 – June 2025

Adama, Ethiopia

January 2, 2026

To Whom It May Concern

I am pleased to write this letter of recommendation for Mr. Remedan Hyredin, who worked with KUKUNET Digital initially as an intern student for two years and later as a Junior Software Engineer.

During his time at KUKUNET Digital, Mr. Remedan consistently demonstrated strong technical talent, dedication, and a clear passion for digital solutions. He gained solid hands-on experience in digital mapping, database management, and system development, contributing meaningfully to several projects undertaken by the company. His ability to learn quickly and apply new knowledge in practical situations was particularly impressive.

Beyond his technical capabilities, Mr. Remedan exhibited excellent behavior, effective communication skills, and a strong spirit of teamwork. He worked well with colleagues, actively participated in group tasks, and showed a high level of responsibility and professionalism in all assignments entrusted to him.

Based on his performance, work ethic, and personal qualities, I confidently recommend Mr. Remedan Hyredin for any position or opportunity related to software development, digital systems, or related fields. I am certain that he will be a valuable asset to any organization he joins.

Should you require any additional information, please feel free to contact me.

Sincerely,

Solomon Abate (Ph.D.)

TO WHOM IT MAY CONCERN

I am writing this letter to enthusiastically recommend **Mr. Remedan Hyeredin** for admission to higher education or computer science and engineering job positions. Having known him for five years and having had the privilege of serving as his department head in the esteemed Department of Computer Science and Engineering, I can confidently attest to his exceptional qualities and unwavering dedication. Throughout our association, I have witnessed Mr. Remedan's remarkable growth as an individual who consistently strives for excellence in both academic and personal pursuits. His insatiable curiosity and passion for learning have been evident in every endeavor he undertakes. Whether it is delving into complex subjects or collaborating with diverse teams, Mr. Remedan Hyeredin exhibits an extraordinary eagerness to explore new frontiers and expand his knowledge.

His academic achievements stand as a testament to his exceptional abilities. His commitment to his studies is matched only by his creativity and innovative thinking, as reflected in the impressive projects he has successfully completed. Mr. Remedan Hyeredin has successfully passed the national exit exam this exceptional achievement showcases his exceptional dedication and proficiency in the field. Mr. Remedan Hyeredin's inquisitive nature, coupled with his meticulous attention to detail, allows him to analyze problems from multiple perspectives and arrive at insightful solutions. Beyond his academic prowess, Mr. Remedan Hyeredin possesses a character that radiates integrity and humility. He exemplifies honesty, both in his interactions with others and in his approach to his work. Moreover, his open-mindedness and receptiveness to diverse viewpoints foster an inclusive and collaborative environment, earning him the respect and admiration of his peers and mentors alike.

With great conviction, I wholeheartedly recommend Mr. Remedan Hyeredin for consideration in your esteemed organization. I have no doubt that his exceptional abilities, passion for computer science, and unwavering commitment to excellence will make him an invaluable asset to your team. Should you require any further information regarding his character or academic achievements, please do not hesitate to reach out to me at megersa.daraje@astu.edu.et or dcse.soeec@astu.edu.et.

Thank you for your time and consideration.

Warm Regards,

Megersa Daraje.

Head of Computer Science and Engineering (CSE)
