To Whom It May Concern

I am pleased to write this letter of recommendation for Mr. Remedan Hyredin, who worked with KUKUNET Digital initially as an intern student for two years and later as a Junior Software Engineer.

During his time at KUKUNET Digital, Mr. Remedan consistently demonstrated strong technical talent, dedication, and a clear passion for digital solutions. He gained solid hands-on experience in digital mapping, database management, and system development, contributing meaningfully to several projects undertaken by the company. His ability to learn quickly and apply new knowledge in practical situations was particularly impressive.

Beyond his technical capabilities, Mr. Remedan exhibited excellent behavior, effective communication skills, and a strong spirit of teamwork. He worked well with colleagues, actively participated in group tasks, and showed a high level of responsibility and professionalism in all assignments entrusted to him.

Based on his performance, work ethic, and personal qualities, I confidently recommend Mr. Remedan Hyredin for any position or opportunity related to software development, digital systems, or related fields. I am certain that he will be a valuable asset to any organization he joins.

Should you require any additional information, please feel free to contact me.

Sincerely,

Solomon Abate (Ph.D.)

Co-Chair
